Project Description

Project Aim - The Kalakari X nordic project supports the establishment of artistic especially with the film industry and writing industry projects that connect Artists from the Nordic and other places worldwide. With a focus of art project work, production, presentation, and dissemination with a special focus on the Nordic dimension. Project wil platy a main role in helping artists gain recognition and new work and carrer opportunities

Global Vision

Our long-term goal is to establish Nordic filmmakers as key players in the global film industry by providing ongoing opportunities for growth. This includes lifetime access to a dedicated website, Nordic film screenings, podcasts, magazine promotions, and seminars. These activities will enable Nordic artists to connect with filmmakers from other countries and collaborate internationally.

A special Nordic films promotion website, with over 50,000+ engaged filmmakers worldwide, will allow artists to update their profiles, create new work for free, and showcase their best projects globally. By hosting continuous screenings, film markets, and networking events, we aim to create lasting partnerships that benefit Nordic filmmakers.

We focus on fostering cultural exchange, artistic innovation, and diverse storytelling, helping Nordic filmmakers achieve global visibility and sustainable careers.

Project help to convey new knowledge and experience-

The project helps convey new knowledge and experience by hosting film workshops, meetings, and seminars with industry experts. These events will offer artists and participants

the chance to learn from professionals, share insights, and gain hands-on experience. By connecting with experts, attendees can explore new techniques, expand their skills, and apply fresh ideas to their work, enriching the Nordic art and film community.

Clear structures

- (Steps already taken - we have already connected with 400+ nordic filmmakers)

Dedicated Web Page for Nordic Films: A specialized section on the Kalakari website will showcase Nordic films, including synopses, trailers, and filmmaker bios, connecting them with global experts. will allow artists to update their profiles& showcase best projects globally.

- **100K+ Visitors:** The page will attract a high volume of visitors, increasing visibility for Nordic films globally.
- **Strong Global Reach:** Connects Nordic filmmakers with international film industry experts.
- **Manageable Profiles:** Nordic artists can manage profiles where they can update their work, CV, and other details.
- **Ongoing Expansion:** Starting as soon as the project launches, we will gradually grow this network, building a robust database for lasting connections

Dedicated Website for Nordic Films and Artist: Develop a specialized section on the Kalakari Film Festival website to showcase films and projects from Nordic countries. This platform will feature information about the films, including synopses, trailers, and director biographies, serving as a centralized hub for audiences to explore Nordic cinema. Additionally, it will provide resources and contact information to facilitate connections between Nordic filmmakers and industry experts worldwide.

Film Screenings at Kalakari Film Festival: Organize screenings of Nordic films during the Kalakari Film Festival to provide these films with a global platform and introduce international audiences to the rich storytelling traditions of the Nordic region. This initiative will also foster cultural exchange and appreciation.

Monthly Online Masterclasses: Host monthly online masterclasses featuring global experts in filmmaking, specifically tailored for Nordic filmmakers associated with Kalakari. These sessions will cover various aspects of filmmaking, from scriptwriting to post-production, aiming to enhance the skills and knowledge of participants. This

continuous professional development will strengthen the Nordic film community's capacity to produce high-quality content.

Offline Film Market: Establish an offline film market event where Nordic filmmakers can present and sell their projects to a global audience. This marketplace will connect filmmakers with distributors, producers, and investors, creating opportunities for collaboration and funding. It will also include workshops and networking sessions to facilitate business relationships and knowledge sharing.

Film Screenings with Reviews: Arrange film screenings followed by review sessions, where audiences and critics can engage in discussions with the filmmakers. This interactive format will provide valuable feedback to creators and deepen audience engagement with Nordic films. It will also encourage critical discourse and appreciation of Nordic cinema.

Video Podcasts and Interviews: Produce and disseminate online video podcasts and interviews featuring Nordic artists and filmmakers on Kalakari's social media platforms and YouTube channels. These content pieces will offer insights into the Nordic film industry, explore cultural themes, and highlight the journeys of individual filmmakers, thereby promoting Nordic cinema to a wider audience.

Film Magazine Promotion: Utilize the 'Kalakari Monthly Film Magazine' to promote Nordic films and arts. This publication will feature articles, interviews, and reviews focusing on Nordic cinema, effectively raising awareness and appreciation of Nordic cultural expressions among readers.

By implementing these initiatives, your project will play a significant role in elevating the profile of Nordic films and fostering cultural exchange between Nordic countries and the global film community.
